Re: Treasurer's Monthly and Investment Report Ending April 30, 2021

Honorable Members of the Commissioners' Court:

Attached you will find the transmittal of the County Treasurer's Report to Commissioners' Court for money received and disbursed; debts due to and owed by the county; and all other proceedings in the Treasurer's office for the month ended April 30, 2021 as required by the Texas Local Government Code Section 114.026.

In accordance with the provisions of Government Code 2256.023, the Public Funds Investment Act, which require at least quarterly reporting of investment transactions for county funds to the Commissioners' Court. The investments held in Guadalupe County's portfolio comply with the Public Funds Investment Act and Guadalupe County Investment Policy and Strategies.

Also, in accordance with State Law, the books and accounts of the County Treasurer are available to Commissioners' Court for inspection and examination, as desired. This report is also filed with the County Clerk as the official records management officer for Guadalupe County.

Should you have any questions concerning the information provided in this report or request for additional information, please feel free to contact me at (830) 303-4188, ext. 1338.

Respectfully Submitted,

Honorable Linda Douglass, CCT, CIO

Guadalupe County Treasurer

## **Treasurer's Investment Report**

## SUBMITTED TO: COMMISSIONERS' COURT, GUADALUPE COUNTY BY: HONORABLE LINDA DOUGLASS, COUNTY TREASURER

This report is prepared in accordance with the provisions of Government Code 2256.023, The Public Funds Investment Act, which require at least quarterly reporting of investment transactions for county funds to the Commissioners' Court. The investments held in Guadalupe County's portfolio comply with the Public Funds Investment Act and the County's Investment Policy and Strategies.

#### **General Statement**

This report summarizes the County's Investment Portfolio position and performance for the month ended April 30, 2021.

Funds of Guadalupe County will be invested in accordance with federal and state laws and within the boundaries of the Investment Policy. Investments shall be made with judgment and care under circumstances then prevailing-which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The first and foremost consideration of all Guadalupe County investment transactions is the suitability of the investment to the financial requirements of the County. Guadalupe County will invest according to investment strategies for each fund as they are adopted by Commissioners' Court resolution in accordance with PFIA 2256 of the Texas Government Code.

Currently the County's investments are made utilizing Texas Class Investment Pool, Certificates of Deposit, Brokerage CD's and Money Market Funds. Pools combine the cash of participating jurisdictions and invest the assets in securities otherwise allowed under state law as regarding government investments. During the current 2020-2021 fiscal year, interest earnings year to date totaled \$73,774.00 as of April 30, 2021 (See "Interest Earnings by Fund" schedule on page 19). These interest earnings include interest earned on First United Bank Accounts, Schertz Money Market Accounts, Certificates of Deposit, and Texas Class Investment Pool.

#### Cash Balances

"Cash balances" means the dollar amount in a checking account that can be transferred, invested, used to pay down a debt, or left in the account for compensation purposes. The total available cash balances on-hand in First United Bank, Schertz Bank & Trust, and Texas Class as of April 30, 2021 was \$64,924,168.00 (See "Cash Balances" schedule on page 20). Balances in Texas Class and Certificates of Deposit made up 80% of all invested monies. Cash balances in First United Bank and Schertz Bank and Trust bank accounts are monitored on a daily basis.

#### Collateral Adequacy

Collateral on cash balances and investments was adequate during the month. Collateral pledged as of April 30, 2021 is as follows: First United Bank FHLB Letters of Credit pledged plus FDIC insurance was \$41,838,860.00 Schertz Bank and Trust FHLB Letters of Credit pledged plus FDIC insurance was \$25,250,000.00, Marion State Bank collateral pledged plus FDIC insurance held in Safekeeping by Frost Bank is \$11,375,541.00.

#### **Investment Strategy**

In accordance with the Public Funds Investment Act, Guadalupe County Investment Strategies shall address the following priorities:

- Understanding of the suitability of the investment to the financial requirements of the County;
- Preservation and safety of principal;
- Liquidity;
- Marketability of the investment if the need arises to liquidate the investment before maturity;
- Diversification of the investment portfolio; and
- Yield

A portion of the operating portfolio will be used to invest funds in Texas Class Investment Pool and Money Market Funds. Available funds can be invested in highly liquid short-term Treasury Bills, Agency Discount Notes, US Government Bonds and Certificates of Deposit with a stated maturity of thirty-six (36) months or less when their yield exceeds Texas Class or Money Market Fund Rates. The dollar weighted average maturity of 365 days or less will be calculated using the stated final maturity dates of each security.

Guadalupe County will attempt to diversify its investments to help insure the financial security and optimum liquidity of funds while achieving the maximum yield adhering to the County Investment Policy and state laws.

Monies will continue to be invested in a positive manner based on cash flow needs of Guadalupe County. Investments are made with the intention of holding to maturity, but with the ability to liquidate should funds be needed at any time. As always, we remain focused on safety, liquidity and then yield.

We will avoid speculative investing and maintain the highest professional and ethical standards as custodians of the public trust.

This report has been prepared in compliance with the Local Government Code 116.112 and Government Code, Subchapter A, Chapter 2256, Public Funds Investment Act.

Treasurer's Administrative Assistant

#### **DESCRIPTION OF INVESTMENT INSTRUMENTS**

Descriptions of the different instruments are as follows:

<u>Certificates of Deposit</u> - A deposit of funds, in a bank or savings and loan association, for a specified term that earns interest at a specified rate or rate formula. CD's may be secured or unsecured. They may be for terms as short as 1 week or as long as or longer than 10 years.

<u>Commercial Paper</u> - Unsecured, short-term promissory notes issued by corporations for specific amounts and with specific maturity dates. Commercial Paper may be sold on a discount basis or may bear interest. Terms can be as short as 1 day and usually do not exceed 270 days

<u>Discount Notes</u> – Securities that do not pay periodic interest. Investors earn the difference between the discount issue price and the full face value paid at maturity.

<u>Fair Value</u> – the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a force or liquidation sale.

<u>Federal Agencies</u> – were created to provide credit to various sectors of the economy. They include issuance of discount notes, coupon notes and bonds, and mortgage securities.

Market Value - the amount of which an instrument can be sold on a given date, prior to maturity.

<u>Money Market Mutual Fund</u> – are interest bearing funds that invest in short term investments so that the funds remain liquid and available to depositors. Such funds will normally include in their investment objectives the maintenance of a stable net asset value. The dollar-weighted average stated maturity of such funds is usually 60 days or less.

Par Value - the amount the collateral is worth if it's sold as face value.

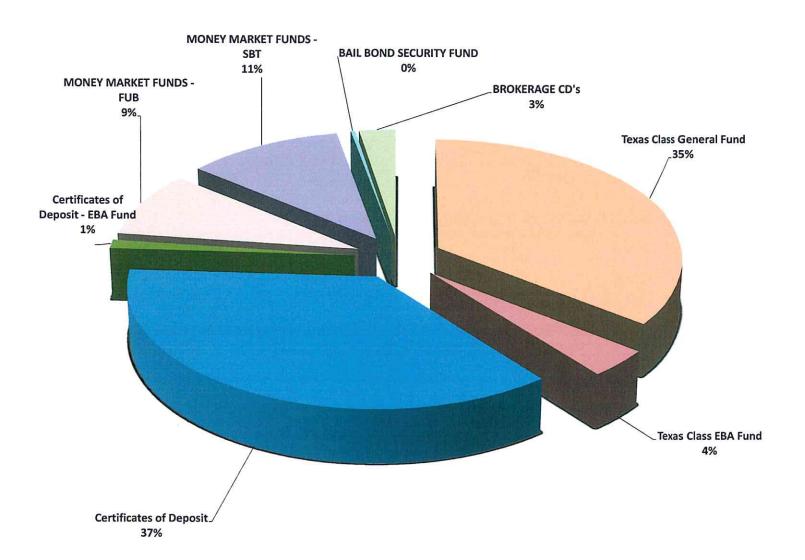

Repurchase Agreements (Repos) – are short-term agreements to purchase securities and then, at a specified time, sell them back to the original party at the same price. Repos are agreements, not instruments, and transactions are generally subject to a Master Repurchase Agreement that stipulates the rights and obligations of the parties involved. The securities delivered are considered collateral and are usually treasuries, agencies, or mortgages. A stated "Repo rate" is the rate of interest that may be earned calculated on an actual-day month/360-day year basis.

<u>Treasury Bills</u> – are issued at a discount at an auction conducted by the Federal Reserve Bank. Bills may be issued in maturities of 3-months, 6-months, or 1-year. The difference between the face amount at maturity and the discounted amount paid by the investor is the income earned on the security. The market for treasury bills is the most active and most carefully watched sector in the world. Every other type of security trades at a basis spread over treasuries.

<u>Treasury Notes & Bonds</u> – are interest-bearing securities with a stated coupon rated issued at or near face value and redeemable at face value. Notes have maturities from 1 to 10 years and bonds have maturities from 10 to 30 years.
