TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF A PROPOSED RENEWAL WITH AMENDMENT OF A GENERAL PERMIT
AUTHORIZING THE DISCHARGE OF WASTEWATER

The Texas Commission on Environmental Quality (TCEQ or commission) is proposing to renew and amend Texas Pollutant Discharge Elimination System General Permit TXG340000. This general permit authorizes discharges of facility wastewater, contact stormwater, and stormwater associated with industrial activities into or adjacent to water in the state from petroleum bulk stations and terminals. The proposed general permit applies to the entire state of Texas. General permits are authorized by Texas Water Code, §26.040.

PROPOSED GENERAL PERMIT. The executive director has prepared a draft general permit renewal with amendments of an existing general permit that authorizes discharges of facility wastewater, contact stormwater, and stormwater associated with industrial activities into or adjacent to water in the state from petroleum bulk stations and terminals. No significant degradation of high quality waters is expected and existing uses will be maintained and protected. The executive director proposes to require dischargers to submit a Notice of Intent to obtain authorization to discharge.

The executive director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) according to Coastal Coordination Advisory Committee regulations and has determined that the action is consistent with applicable CMP goals and policies.

A copy of the proposed general permit and fact sheet are available for viewing and copying at the TCEQ Office of the Chief Clerk located at the TCEQ's Austin office, at 12100 Park 35 Circle, Building F. These documents are also available at the TCEQ's 16 regional offices and on the TCEQ website at

The commission will consider all public comment in making its decision and will either adopt the executive director's response or prepare its own response. The commission will issue its written response on the general permit at the same time the commission issues or denies the general permit. A copy of any issued general permit and response to comments will be made available to the public for inspection at the agency's Austin office and regional offices.
